

HOUSING ENFORCEMENT

Division #65-1150

LICENSES & PERMITS

Division #65-1151

Housing Enforcement Division #65-1150

Licenses & Permits Division #65-1151

Mission Statement

To provide the citizens of Buffalo the highest quality of service and to uphold and enforce the New York State building code, along with the City's Charter and Ordinances and thereby protecting the health, safety and welfare of all property owners, residents, tenants, business and visitors.

Goals

- 1. To continue to expand our electronic plan review clientele, which includes architects and engineers.
- 2. Decrease office traffic by providing more online service to customers so that they can have easier access to obtaining permits instead of an in person visit to City Hall.
- 3. Stay within the constraints of the budget and provide revenue to ease the budget burden.
- 4. Remove structures that are causing a blight on our City.
- 5. Prosecute absentee landlords who refuse to keep their properties up to building code standards.
- 6. Utilize the newly created high tech room for online conferences and electronic plan review.
- 7. Work with Management Information Systems to continue to update equipment and software (conversion to Hansen 11).

Achievements

- 1. The electronic plan review software is now fully operational and is allowing us to move plan review approvals quicker than ever before, due to real time approvals of documents and revision submittals. Architects and engineers alike are commenting about how plan submission approvals have been accelerated because of the software.
- 2. In keeping with our aggressive lead abatement program our Department hired an environmental lead supervisor to oversee all lead-related issues. In addition, the Department hired two rental registration inspectors, who are also certified to perform lead inspections. Their responsibility will be to inspect residences [interior & exterior] and respond to lead related complaints by homeowners and tenants in the most severely affected areas. In order to speed up the process, two more inspectors will be added to the team so that we can cover more of the areas most affected by lead contamination.
- 3. Classroom instruction continues for all inspectors on various facets of code enforcement, plan review, licensing, zoning, permits, mechanical, etc.
- 4. The Airbnb licensing began and we will continue to inspect homes that apply for the licenses for all safety-related issues. We expect anywhere from 300 to 500 applicants to register.

Housing Enforcement Division #65-1150

Licenses & Permits Division #65-1151

- 5. We started implementation of the mayor's 'get tough' inspection program of all historic and commercial structures in the City.
- 6. We are again looking into the possibility of the use of drones for inspection of buildings that inspectors cannot gain access to (overhead pictures of structures).
- 7. We expect to have Hansen 11 up and running by the spring, which will enable our inspectors to use electronic pads in the field and give them the ability to access information that they would normally have to come back to City hall to obtain.

Activities

- 1. Inspect residential and commercial properties in City of Buffalo to ensure compliance with all applicable City Ordinances (zoning, maintenance, building construction, licensing, etc.), New York Title 19 of New York Codes, Rules and Regulations, and Federal regulations (handicap, energy, etc.).
- 2. Initiate court action when warranted, prepare related summonses, and process new and adjourned cases to be heard in City of Buffalo Housing Court.
- 3. Investigate, respond and close 311 calls which continue to expand on an annual basis.
- 4. Issue accurate letters of violation and notices to repair or demolish, to property owners or agents of record. Conduct in-depth investigations of negligent home improvement contractors as well as investigation of property complaints.
- 5. Issue Certificates of Registration for multiple dwellings, Certificates of Occupancy for all structures when required, and Certificates of Compliance for all work performed in conjunction with all permits.
- 6. Provide testing for electrical, plumbing and fuel devices, and issue licenses to those individuals who fulfill the requirements.
- 7. Adhere to the standards of the City of Buffalo, Department of Labor and the Department of Environmental Conservation.
- 8. Coordinate the collection of delinquent accounts for Licenses, Demolitions and Rental Registry.
- 9. Provide Inspections of approximately 75 Bingo organizations and audit financial reports for every game of chance played, to ensure that the organization and municipality receives the revenues due them. Record, file and maintain these records.
- 10. Hold hearings that could result in suspension or revocation of licenses and permits that have been issued, due to misconduct, inadequate performance, misrepresentation or blatant disregard of the ordinances.

Housing Enforcement Division #65-1150

Licenses & Permits Division #65-1151

- 11. Review blueprints and related documents submitted to the City's Permit Office. Blueprints are analyzed for compliance with applicable building codes and construction standards.
- 12. Confer with architects, developers, contractors, attorneys and building property owners regarding compliance with applicable building codes and construction standards.
- 13. Generate court action in cases of gross negligence and violations of compliance.
- 14. Assist architects, engineers, developers, contractors, attorneys and building property owners in preparation for variance petitions regarding the City of Buffalo Zoning Ordinance.
- 15. Review applications, site plans and blueprints, make field inspections for application and appearance before the New York State Variance Board.
- 16. Prepare formal responses to the New York Department of State with respect to State variance applications.
- 17. Perform field investigations and inspections of building sites as requested by the Department.
- 18. Record, file and maintain the official records resulting from these operations.

Housing Enforcement Division #65-1150
